

Surgical Innovations (SI), the designer and manufacturer of creative solutions for minimally invasive surgery (MIS), is delighted to be exhibiting at the Society of American Gastrointestinal and Endoscopic Surgeons (SAGES) this year, which is being held at Salt Lake City, US, from the 2nd to 5th April.

The Surgical Innovations stand will be located on booth 1031 and this year, we are once again taking our famous 'pretzel' shaped race track and will be giving out prizes for the fastest race times.

If you are attending the congress and would like to arrange a meeting with us please contact communications@surginno.co.uk
